

GPAK Plus W (Wooden Post Anchoring)

The Grippler Plus Anchor Kit for wooden posts includes a pre-cut, fused length of wire rope, a Grippler tensioner, a wire thimble and a twister (GPAK 3) to keep the tail wire neat and tidy.

FEATURES / BENEFITS

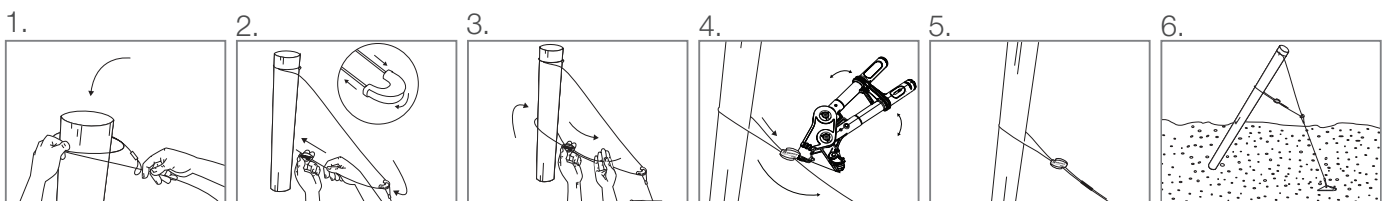

- **Practical** – Suitable for bracing wooden end posts with Grippler anchors
- **Strong** – Dual brace points for even load transfer
- **Safe** – Accessory included to protect the wire through the anchor loop
- **Convenient** – Can be easily re-tensioned year after year
- **Durable** – Zinc aluminium wire rope for corrosion resistance
- **Professional** – Consistent finish for a tidy appearance
